

Arena

8200

Change management.

Arena combines classic form with today's functionality. Move and reconfigure multiple light sources to create a unique look and personalized light distribution. With its discreet, innovative power ring and snap on/off magnetic connections, Arena puts illumination in your hands.

Create a signature look for each project. With its choice of four repositionable light sources, Arena allows unending customization to perfectly match the aesthetic and functional needs of the room it is installed in.

Slice

8293

Slice is an eye-catching decorative light source. The tubular translucent acrylic diffuser creates a visually striking statement of diffused ambient light. Each Slice can be flipped for direct or indirect illumination and can be installed on overlapping heights for a unique intersecting look. A maximum of up to 4 Slice light sources can be installed on each Arena or combined with other light sources.

Delivered lumens (36"):
Up to 765lm per unit

Delivered lumens (54"):
Up to 1130lm per unit

Aim

8292

Aim is a discreet 38mm diameter aimable projector. The head rotates 350° and can be tilted up to 90° inward or outward for a wider lighting surface area. Aim can also be flipped vertically on the ring to enable direct or indirect illumination and is offered in two beam angles. A maximum of up to 12 Aim projectors can be installed on each Arena or combined with other light sources.

**Delivered lumens:
Up to 625lm per unit**

Pivot the light source to highlight an architectural detail or a piece of furniture. Aim precisely to focus on art or signage on the walls. T

Beam

8290

The head pivots 90° in each direction and the whole light source can be flipped vertically on the ring to enable direct or indirect illumination. Beam hides discreetly behind the ring's height and shines brightly above or below.

Beam is offered in three beam angles and with four optical accessories. A maximum of up to 12 Beam light sources can be installed on each Arena or combined with other light sources.

**Delivered lumens:
Up to 880lm per unit**

Glow

8291

Glow is a decorative translucent light source. Using the same 60mm body as Beam, the head rotates 90° in each direction and the whole accessory can be flipped vertically on the ring to enable direct or indirect illumination. Glow adds a touch of ambient luxury to the sleek ring profile. A maximum of up to 12 Glow light sources can be installed on each Arena or combined with other light sources.

**Delivered lumens:
Up to 700lm per unit**

With its sleek profile, Arena proposes a timeless form and feel. Inspired by the classic wagon wheel, Arena is much more than a light fixture; it is an object that contributes to the evolution of a space.

Dimming option

0–10V dimming (DV)

Power of attraction

Each light source is equipped with strong neodymium magnets for snap on/off connection to the low voltage strip. Safe to touch, the discreet power drop also connects to it.

All accessories are interchangeable from the 36" to the 54" diameter Arena except for the Slice.

No electrician or tools required to add, remove or arrange the light sources. Move, spread evenly, gang, flip up and down, pivot, aim at will!

Beam angles*

* Three beam angles available for 8290
Narrow & wide beam angles available for 8292

Optical accessories**

** Available for 8290
