

“ Modern square or round shape with slim profile featuring two cylindrical windows that creates a graphic statement. ”

BEAMS, FINISHES, SHAPES

Available in either a round or square shape, the Equinox can be ordered in a multitude of colored finishes and a choice of narrow or flood beam angle.

A modern interior space featuring a long, narrow pool with green-tinted water. The pool is bordered by a light-colored stone tile deck on one side and a dark, polished floor on the other. The walls are made of concrete and feature a series of small, circular, metallic light fixtures. The ceiling is white with recessed lighting. On the right side, there is a wall with horizontal wooden slats. The overall atmosphere is minimalist and contemporary.
