Cover story

Material shapes more than appearance; it
shapes atmosphere. Available in 14 signature
colors, including anodized silver.

Aluminum shade

Mika Flare

Available in 22", 32" and 42" Ø

Mika
Flare

Character change

Transforms the look and feel of the sphere, creating cozier spaces while preserving the clean geometry that makes Mika, Mika.

Mika Flare in 24" Anodized Silver shade

Under cover

The acrylic shade's exterior evokes the look of blown glass, while the soft white interior contains light spill and preserves the light's natural color below.

Mika Flare

Available in green and amber, in 22" and 32" Ø

Mika
Colors

Full circle goes full color

The RGBW option transforms the sphere into a canvas for color. Mika can produce millions of colors to suit the season, celebrate the moment, or match a brand's color.

Colors

Program the mood

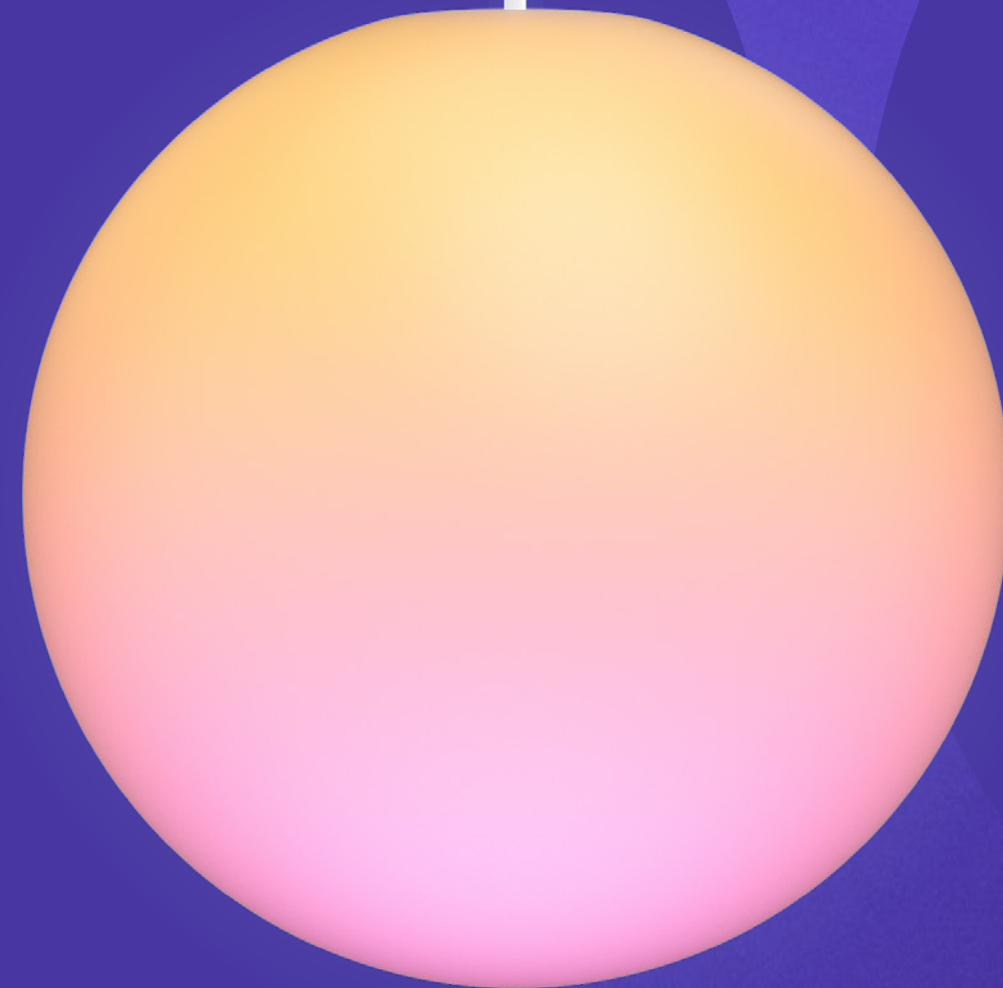

With Mika Colors, you can program the sphere to shift to any color in the RGBW palette—throughout the day, throughout the year, or at the touch of a button.

Mika Colors in 8", 12", 16" and 20"

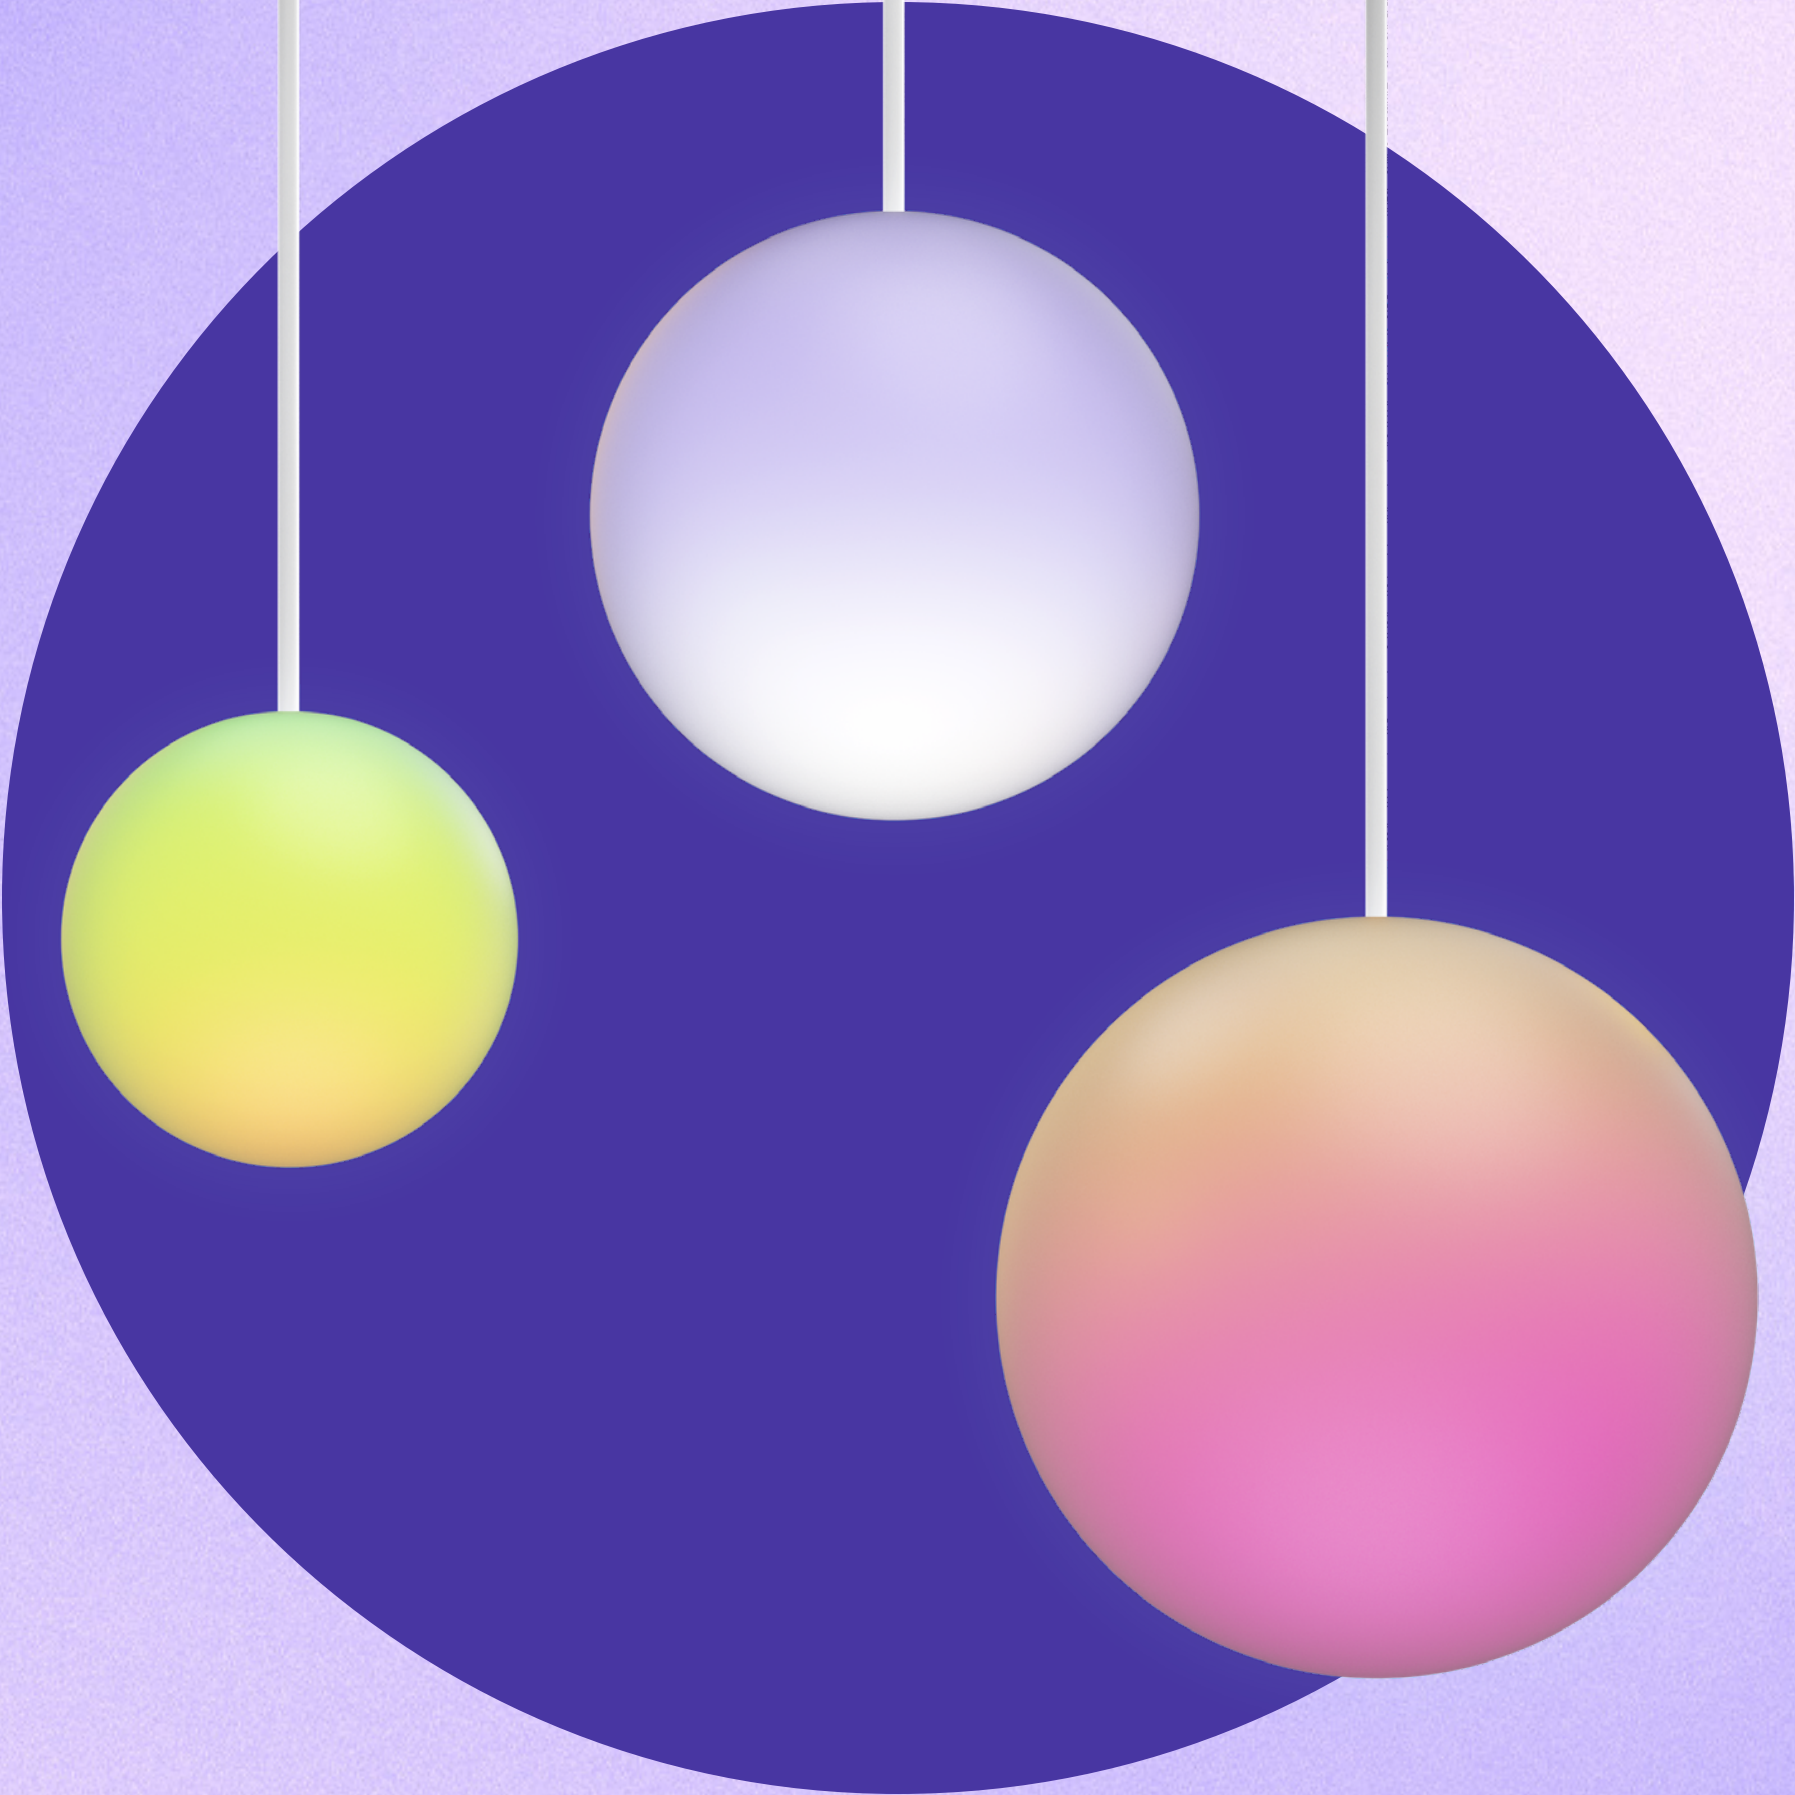

Mika
Gradient

A sphere full of surprise

With two independently controlled RGBW hemispheres, Mika Gradient creates smooth, customizable transitions in a single sphere.
