PRODUCT CHARACTERISTICS CARACTÉRISTIQUES DU PRODUIT

DESIGN: MILL is a high-performance fixture with a simple shape punctuated by its repeated acoustic felt panels. With its three different diameters, three different lengths and two mounting options, this fixture is versatile to suite various needs and spaces.

INSTALLATION: Easy to install, adjust and level single aircraft cable mounting, with clip-on acoustic panels. Also available as surface mount.

LIGHT SOURCE: This pendant offers powerful and evenly diffused lighting with a COB light source. Phase or 0-10V dimming offered. MILL is also offered with an optional indirect light option on a secondary circuit allowing independent control.

SHADE: The custom CNC-cut rigid felt acoustic panels are available in multiple colors. Composed mainly of recycled polyethylene (PET) bottles which make them recyclable and odorless.
